ABOUT RAJESH LIFESPACES

After 50 years of creating residential and commercial spaces for Mumbai, we've realised a simple truth. A home is more than the sum of its tiles. A home goes beyond Italian marble floors, delicately arched entryways, tranquil pools and manicured lawns. It is what fills hallways with laughter, dinner time with stories, and kitchen windows with pickle jars guarding family secrets. It has been our privilege to create homes that feel like home to generations of families. And we look forward to creating more for the families of tomorrow.
